- Cosmetic Surgery Travel LLC, an American company, is the leading international medical concierge service in the United States and Canada.
- The company schedules surgery and other medical treatment for medical tourists traveling to Thailand via a network of top doctors, hospitals and other medical service providers in Bangkok, Thailand.
- Cosmetic Surgery Travel develops exclusive packages that cover everything from the moment a client gets off the plane in Bangkok to the time he or she is ready to leave for home. Experienced medical concierges arrange all medical treatments and care, including pre-op preparations, post-op accommodation and supervision by registered nurses, plus a resort vacation if it's appropriate. Travel costs to and from Bangkok, Thailand are not included.
- Nearly all cosmetic surgery procedures are available, including large volume liposuction, breast implant surgery, tummy tucks, face lifts, eyelid surgery, hair transplantation, and newly-popular procedures such as body lifts and fat transplantation for fuller lips and cheeks.
- Non-surgical cosmetic procedures are scheduled including Restylane, Botox, other soft tissue fillers, laser skin treatments, varicose vein and permanent hair removal.
- Other medically-necessary surgical procedures are scheduled including gastric bypass surgery, various heart-related surgeries, hip or knee replacement, and other joint surgery.
- Extensive dental treatments, Lasik eye surgery, hair transplantation, gynecological and executive health check ups, and "anti-aging" treatments are arranged as requested.
- Cosmetic Surgery Travel recommends only internationally accredited specialists – doctors, surgeons and other specialists with practical experience and international training in the U.S., Canada, the U.K. or Australia.
- Cosmetic Surgery Travel works exclusively with the top private hospitals in Thailand. These hospitals include Bumrungrad Hospital, Bangkok Hospital, Bangkok Heart Hospital, and Samitivej Hospital, and meet or exceed international standards as set by the U.S. Joint Commission International.
- Clients of Cosmetic Surgery Travel come from all parts of the United States, Australia, Canada, the United Kingdom and Japan. The company is popular with American military and support personnel.
- In Bangkok, the medical concierge staff is a team of expatriate women – Americans, Canadians and Europeans – who have more than 25 years of experience living and working in Thailand and more than 50 years living and working throughout Asia.
- Julie Munro is the founder, CEO, and Chief Medical Concierge. She has been planning medical vacations for clients since 2003, and has been working with plastic surgeons in Thailand since 1990. She lived and worked in Thailand in the early 90's, and has traveled there frequently, first visiting in 1975.
